Present a Lecture Series:

FOCUS ON CULTURE

Tocks Island: Dammed if you Do

*The Homegrown Movement that Defeated
the Delaware River Dam*

Award-winning journalist David Pierce tells the stories of thousands of families displaced by the ill-fated Tocks Island Dam Project, the squatters who illegally occupied the abandoned homes, and the courageous residents who mobilized a campaign opposing a giant bureaucracy.

David Pierce has written extensively on the legacy of the Tocks Island Dam. His journalistic work has been honored by several press associations, and he has been designated a fellow of the Knight Center for Specialized Journalism and received the G. Richard Dew Award for Journalistic Service.
